Huernh! for the Fair," the old farmer shoule, As Bobbin is driven up close to the door, And pumpkins, etc., are plied in the eart, All gathered with care from the old farmers store. Then come to the Fair; let us not what you have; We've a welcome for all, maid, matron and sire; Brita your horses and daughters, your oxen and sons, Our motto is "Yorward," and forward means higher And when to our city, the pride of the West, And viewing the sights and aptions so rare, You will want a Cigar to give zest to your trick And add to the interest you feel in the Fair. And and to the interest of the place, Our digars are sciented with excelent care; Then remember our store with its "native" in front, And glance at our card when you visit the Fair.

Remater Harvey at the Camp House Luct Night. The weather last night, -a cold and raw northcenter-was decidedly unfavorable to the getting

His address was a calm review of the issues of the day, and his facts and arguments went home to the hearts of His vindication of the cause of Freedom wa

The Buchanan men, after a busy time for a for a fortnight or so, got up a very respectable demonstration last night, in the way of rejoining Territory have no right to defend their lives that they were not totally beaten in Pennsylvastormy, and many wished to have the thing postponed, but that wasn't sale, for every day's news cum down their estimated majorities, and there might be no supposed victory to calcbrate

The tarches looked hasly of course, and, at things considered, it was a very good specimen of a "wake" of a party, badly staggered already, and bound to breathe its last in about ten days hence.

There were several banners in the procession but we did not see the following inscriptions upon them:

We assure our friends abroad that we shall carry the State on the 14th by from 25,000 t 40,000 majority.—Presspiration, 6th.

The democrats are largely in the majority in Pennsylvania over all parties and combinations We shall be disappointed if the majority on the 14th is less than 20,000. It may reach 49,000 We are sure of Pannaylvania on Tuesday no

Our friends in Posmeylvania are sanguine of 30,000 majority on the State ticket, and some go as high as 50,000.—Hoston Post, 8th.

The October Elections EMPTY BRACE OF THE SUCHANIERS.

The Buchanier organs, in the desperate hope f influencing elections in other States, have braggedlong and lustily over the results in Pennsylvania, Ohio and Indiana. No doubt they feel that they are well out of a bad scrape, in Pennsylvania, and to that extent their exultation is natural enough. In all three of those States, lowever, they have lost heavily since last year ad in two of them their boasted victory is a trawn battle. Take Pennsylvania, for instance, ver which they have been especially jubilant.-Previous to the State election, they claimed from wenty-five all the way up to Afty thousand maority. Since the election they have been very ready to compromise for one thousand. The latest accounts from Pennsylvania are the fol-

A Better Look for Pennsylvania. A Besser Look for Pennsylvania.
The official returns, so far as received, indicate that instead of giving "6,000 to 10,000 Democratic majority" as claimed by the Buohanan papers, the State ticket is probably clouted by something under 2,000 majority—a majority far less than the number of imported fraudulent votes.
The Congressional ticket shows a Republican Victory! A majority of the members elect are for Free Kansas, and a plundity of them are supporters of Frenont.

orters of Fremont. In the State Legislature, so far as heard from the Union Members have a majority both in the Senate and the House. A United States Senator is to be elected at the coming session. Penn-sylvania can be carried easily by the Republicans Pittsburg, Oct. 20.

We have carried both branches of the Legislature, and twelve Congressmen. The Democratic assignity on the State ticket is about 3,000. We have formed a Union electoral ticket, and are confident of carrying the State in November. So much for the Keystone. As to Ohio, the Suchaviers talk loudly of "great gains" there oo. How much truth there is in this talk, a single fact will show. Last year the Republicans elected Crass, Governor, over his Democratic and Know Nothing competitors, by 15,520 pluralito; the K. N. vote being 25,000. This year, the Republican plurality rises to 80,000; though the Buchaniers and Know Nothings did their est to reduce it.

Indianaphiis, Oct. 20. Willard's majority is between five and six thousand.

Republicans have elected five Congressmen.—
The Senate is Republican and the House Desion

This is a Republican gain, on last year, of sev eral thousand, and our friends are sanguino of making up the additional gain, required to carry the State on the eventful 4th of November.

Thus the October elections promise fairly for the good cause. Even in their stronghold, I'ennsylvania, we have fairly matched the Buchaniers n the preliminary skirmish, and will, with proper effort, beat them in the decisive battle. Let us see to it that Wisconsin is on the right side in which is made up of such true and tried workthat great struggle between Farsness and Sha-TRAT!

The Result in Pennsylvania and its From the Boston Telegraph, Oct. 16.

From the Boston Telegraph, Oct. 18.

Bonjumn F. Buller, Esq., of Lowell, the most knowing and influential man in the Buchanan ranks in Massachusetts, and one of the delegates to the Convention at Oincinnail, said, yeasterday, while speaking of the Pennsylvania election, that it would be found that twenty thousand members of the Order of United Americans, who had been reckoned, up to the day of the election as Fillharre men, had voted the Buchanan State ticket.

This corresponds with and confirms the state ment which we copied yesterday from the N. Y. Repress, a leading K. N. organ. There is no doubt that the Fillmore Know Nothings in Pennsylvania, as in Ohlo and Indiana, joined hands with the Buchaniers in the recent State election. And yet these silies, with all the help they do rived from lavish expenditure of money and un paralleled fraude, barely saved themselves in Pennsylvania and Indians, and were badly beaten in Ohio.

Keep it Before the People.

That Senator Weller declares the Kansas Laws LAWS WHICH EVER FOUND THEIR WAY UPON THE STATUTE BOOK OF ANY FREE PEOPLE IN ANY AGE OF THIS WORLD." TEOPLE IN ANY AGE OF THIS WORLD."

That Senator Bell, of Tennessee said, "Had I been conscientiously opposed to Slavery, and settled in Kansas with a view to better my condition, and had witnessed the outrages said to have been committed by the people of Missouri on the rights of the Free State inhabitants, and had I felt my neck galled by the yoke of a nsurped government, and had lost all hope of relief from any quarter; if reastance to such oppression be treason, SO HELP MR GOD I WOULD HAVE HEEN A TRAITOR."

And that Senutor Bayard, of Delaware said.

And that Senutor Bayard, of Delaware, said:
while he opposed the provise he felt free to admit that some of the laws of Kansas shocked the moral sense of the community, as being author-sive of all natural right; and as such he was ready, by a declaration of rights to declare

Gov. Geary is now rigidly enforcing these infamous laws. The Free State men are almost crashed out in Kausas. They are not allowed even to defend thouselves from the attacks of the ruffien hordes who prowi about the Territory, robbling, murdering and burning. One of these bands has recently menaced the little town didate for Congress, was in town, on a short visit of Ossawattonie, which, it will be remembered yesterday. He has not yet sufficiently recovered was burned by another party some three months pince. Some of the people have gone back, built their cabins, and were putting in their crops when this new gang of rufflane drew near. Now

The people of Ossawattomie, instead of immediately raising a force to clean them out, sent a delegation of citizens to Gov. Geary, to ascertain his views with reference to the propriety of delving them out. The Governor said that it would doubt that he would prove an able and finality | not do for the Free State men to form a company to defend themselves; that if they killed any publicans of Milwankee, your hearty, united and Pro-Slavery men, "they would swing for it;" that he (Gov. G.) would go down to that part of the Perritory whenever the troops should get back from the North, to which place they had gone to provent armed invasion from Nebrasku. Such is the remor. According to this, the people of the against guerillas, and if they kill any they will nive to "swing for it."

You see how it is done. The Missourisms close up the Eastern route, by the river, to all except he Southern armed parties, who are allowed to pass heely. Gov. Geary sends the U.S. troops to guard the Northern portion, and capture the Free State emigrants travelling in in that direction, while he sends word to those who are threatened by the rufbans that if they dare to defend

themselves, "they will swing for it"!! And yet there are men, thinking men, human nan-men who will affect to feel insulted if you s. I them they are siding Blavery in these outra get, by supporting men who uphold these Kansas Laws, and President Pierce who enforces There, and Mr. Buchanan, who is pledged to the same course!

The Buchanier Mass Meeting at Madison Palistafa's Regiment in Town.

The great Bushanier mass meeting, prepararations for which have been going on for several weeks past, is in full blast. In point of numbers the demonstration is quite respectable. We counted the wagons as they came in. There were eighty-two in all. A'gentleman who counted them informs us that there were less than five hundred people in them. The Buchaniers strained every nerve for weeks to get up their procession. Muny of the wagons belonged in town. Men from the tity were sent out and drawn back again for effect, and many large lumber wagons had but two persons on beard. Goo. B. Smith, late Scate Canvasser, was drawn in a large barouche at the head of the procession, and Supplement Wood, and Frary of School Land notonety, were among the matchals, to show the commit-Palistafi's Regiment in Town. were among the marshals, to show the count-tency of ballot-box stuffing, bogns election re-turns, and School Fund plundsting with Bucha-
